One of the best steaks I've ever had so would definitely recommend the fillet steak! The wine was very good as were the pancakes with toffee sauce. Service was very good, quick and friendly with honest and helpful advice. The aubergine starter was a let down but the steak more than made up for it. One complaint was the chairs were uncomfortable so they could get some cushions or new chairs. On the whole though would recommend and will take friends there in future.

What a fabulous evening last night at Buenos Aires in Purley. The food was outstanding. The four of us all had different steaks and each one was perfectly cooked. A little bit on the pricey side especially if you like a drink, but if you can afford it, go there. We will definitely be back, and sooner rather than later.

A warm welcome (even though our booking through TT did not get through), as usual, fantastic steaks, and a very pleasant atmosphere all made this a great evening!

We were six as a family for Sunday Lunch at the Buenos Aires, Purley. Everything was excellent. A very enjoyable experience.

Buenos Aires in Purley is a great restaurant. The Waiter was really polite and friendly and the food was excellent. The bill came to just over £80 for two people, but that did include a large bottle of beer and house wine, and 10% tip, so good value for money.

The Buenos Aires restaurant in Purley is a lively place with a good atmosphere. The steaks are cooked perfectly and are reasonably priced, the staff are friendly and welcoming (and remember you if you have been before). Sometimes they open the floor for dancing the tango - this is always a pleasure to watch. Don't go if you are in a hurry though, the service can be a bit slow when they are busy.....

Our recent experience at the Buenos Aires in Purley was very pleasant. Service has definitely improved and unexpectedly busy for a Wed evening which helped with the atmosphere. Lomo steaks (fillet) were really good and cooked to perfection. Tried the mashed potato balls, OK but french fries much better. Overall highly recommended and we will be going back.

Buenos Aires Restaurant is Purley's hidden gem, The food is cooked to perfection and the wine is great. The cost of the meal is a little excessive but the service is great and it is a dining experience not just dinner.

Another excellent meal at BA, very attentive service, great food and a fine list of very good Malbecs, the Ronseal of Argentine Steak Houses, does exactly what it says over the door.
